Just got easier
Educating your patients about the importance of their medication adherence just got easier through the HIV/AIDS patient-focused services from Walgreens Specialty Pharmacy.

Visit us at the ANAC 20th Annual National Conference* in Orlando, **Booth 15**, to learn first-hand how we can help your patients stay on track with their prescribed therapy, or visit our web site at www.WalgreensHealth.com/ANAC for more information about our services.

*Use of this list does not imply the Association of Nurses in AIDS Care endorsement.
